## **Cultural Hints**

Iris are without doubt the most satisfactory of all garden flowers. Hardy and so easy to grow. July, August and the first part of September are the best time to plant Iris in this section of the country for best results. If planted later it is well to use a light mulch in cold climates.

They should be planted in a sunny well drained location. Do not plant too deep. The top of the rhizome should be just covered with soil. If planted too deep they will not bloom satisfactorily.

We use Bone Mcal almost entirely as a fertilizer, occasionally we use well rotted barnyard manure or vigoro when we have a poor spot of ground.

They should be divided every 3 or 4 years so they do not become too crowded. Planting 3 of a variety in a group gives you a nice clump of color in a hurry.

The rhizomes of some varieties grow larger than others, so do not condemn the small rhizomes too hastily. It may be the normal size for that variety. Most oncobreds have small rhizomes.

# **NEW INTRODUCTIONS FOR 1956**

BROWN PIXIE — (Freudenburg 1956) M (Tiffanja X Sonatine)

Gleaming cocoa brown self, with striking red brushing on the falls. The well-formed oval shaped flower is of very heavy substance. 24 inches in height which makes it ideal for the fore part of an Iris border. Good growing habits. \$10.00

WALTLEN — (Freudenburg 1956) M (Snow Flurry X Tobacco Road)

A very tall and stately plant with strong stalks and good branching. Large smoky violet self with a metallic sheen over the entire flower. Standards are domed and the wide falls are flaring and ruffled. Very heavy substance, the petals feel like fine leather. Hardy, vigorous growth and multiplies rapidly. \$15.00

# **OUR 1955 INTRODUCTIONS**

GARY DEAN — (Freudenburg 1955) ML (Inspiration X Golden Fleece)

Huge well formed, glowing beet root purple with a darker flush on falls. Wide hafts and yellow beard. Good branching. 40 in. \$10.00

JANE ELLEN — (Freudenburg 1955) ML

Satiny white plicata, heavily stippled with campanula blue on standards and haft, fading away about half way down the falls. Good substance with enamel-like finish.

\$12.50

JEAN CAROLYN — (Freudenburg 1955) M (Ola Kala X Easter Bonnet)

Striking iris of great beauty. Bright yellow standards and white falls with a border of bright yellow. The large well formed flower is ruffled and has a crimped edge. 36 in. \$15.00

KATHY KAY — (Freudenburg 1955) M (Sky Ranger X Cloud Castle)

Huge wisteria blue self with white tipped beard. The flowers are ruffled with domed standards, while the horizontal falls have very wide hafts. Very heavy texture and excellent form. The flower measures eight inches across and the individual falls four inches wide. Limited stock. Net \$20.00

ROGER PAUL — (Freudenburg 1955) EM (Hit Parade X Pink Formal)

Very large mauve pink, red beard and gold veining at haft, good substance and branching. Vigorous growth.

\$12.50

SUSAN JEAN — (Freudenburg 1955) M

Soft salmon self of excellent form, heavy substance and enamel-like finish. Closed standards, red beard and wide hafts. \$15.00

#### SELECTED SEEDINGS

We have a very fine group of Seedlings, derived from crosses from our better Iris. Parentage involving such Iris as PINK FORMAL, PINK TOWER, GOLD RUFFLES, LADY LOUISE, RUTH, CLIFFDELL, HIT PARADE, HEATHCREST, CHIVALRY, NEW SNOW, RAINBOW ROOM and many others. These Iris have been very popular with our garden visitors. You will be pleased with the quality of these Iris as they compare very favorably with the Newer Iris of today.

We have been asked, "What is meant by a Seedling?" All Iris are eedlings before they are registered and named. These Iris are as same size as any in our general list, and have bloomed in our

## HOSTA OR PLANTAIN LILY

This is the first time we are listing Hosta but we have a surplus of the following three varieties and are offering them to our customers at reduced prices. We use these for edges on our perennial borders. They are ideal for borders on Iris and Hemerocallis beds. The leaves are also used extensively for flower arrangements.

A CAERULEA—The leaves are a glossy green and very large. It is wonderful for a border for the Hemerocallis or Iris ngs. Blooms in July and August. Lavender blue flowers.

Regular price is 75c; Our Price 35c each, 4 for \$1.00 HOSTA plantings.

HOSTA LANCIFOLIA FORTIS—Long lancelike dark green foliage. Flowers are violet and blooms in September and October when flowers are scarce. When planted close together makes a compact mound of green along a border.

Regular Price 50c each; Our Price 25c each, 6 for \$1.00

HOSTA VARIEGATA—This beautiful Hosta is noticed and admired by all our Garden Visitors. The lovely variegated white and green leaves are curled and twisted and are ideal fillers for flower arrange-ments. Makes a beautiful edge for a perennial border.

Regular Price 75c; Our Price 50c each, 3 for \$1.00

## HEMEROCALLIS

This popular perennial, commonly called Daylily, is truly the busy man's flower, as they need so little attention. They give such a huge amount of enjoyment for the little care they take. They do well in good garden soil in full sun or partial shade. They are hardy and can be left undisturbed for years. They can be planted at any time the ground can be worked. By careful selection of varieties you can have bloom from early Spring until Fall.
